

WBP-200HD / WBP-202HD

"Compact Series" single/dual channel wireless beltacks

NEW

WBP-200HD (single channel) & **WBP-202HD** (dual channel) are the brand new versions of the well-known ALTAIR *Compact Series* wireless intercom beltacks. **These new models replace their predecessors (WBP-200 & WBP-202), keeping the compatibility with them and with all ALTAIR wireless base stations.**

The new *Compact Series* beltacks offer an unmatched price-quality ratio, with a low-size design, impressive range and remarkable autonomy. Antennas are located inside the enclosure allowing a more comfortable belt fitting. When used along with an "HD" base station, **WBP-200HD** and **WBP-202HD** beltacks will deliver a 100Hz-7KHz audio quality, improving notably the clarity in the communication.

Battery status can be easily checked using the front panel led bargraph, furthermore the beltack features a low-consumption "call receive" mode and general low power circuitry.

"Out of range" indication helps the user understand radio coverage and prevent possible communication dropouts.

MAIN FEATURES:

- **Range:** Typical 50 to 350 m around base station.
- **HD AUDIO:** HD High Definition Audio (100Hz -7KHz when used along with an "HD" base station).
- New more accessible "**MIC**" button, placed on the upper side of the beltack.
- **Estimated Battery life:** 10 hours in full Duplex mode / 50 hours in Call receive mode.
- **Battery type:** NI-MH. 3,6 VDC pack.
- **Charger:** External case/wall mount charger allowing simultaneous charge of up to 4 *Compact Series* beltacks
- **Headset connector:** male XLR-4pin "mini".
- **Headset type:** Selectable, dynamic or electret.
- **PHANTOM Power:** Easy activation of phantom power using keystrokes.
- **Controls:** Call. Volume level. Mic ON/OFF/PTT. Buzz ON/OFF. Vibrator ON/OFF. Easy access to RESET button. Channel Select and "Stage Announce" key (only **WBP-202HD**)
- **Indicators:** Call. Battery status, Low Batt. Mic ON/OFF. Buzz On/Off. In Range led. Vibrator.
- **Call Notification System:** Light, Vibration and Buzzer.
- **Dimensions/ weight:** 120x80x25 mm/ 160 gr.

COMPATIBLE ACCESSORIES:

- **Headsets:** WAM-100, WAM-100/2, WAM-100S, WAM-100/2S, WAM-100/2SEC and WAM-100/2L.
- **Flight-cases:** WBFC-200, WBFC-202, WBFC-200F, WBFC-202F.
- **Charger:** WBPC-200 charger sold separately.
